EVERGREEN CONFERENCE ACTION

WESTERN WASHINGTON vs. SOUTHERN OREGON

Tonight the Western Washington Vikings entertain the Southern Oregon College Red Raiders in an Evergreen Conference battle.

The Raiders have fallen on hard times this season losing all three of their games so far. They were beaten badly by Western Conference powers Chico State and Humboldt State. Then last week they were downed by a highly touted Eastern Oregon team in a real defensive battle 10-6.

Bright spots for the Raiders offensively are their Senior quarterback Bill Atwood, and their fine split end Jack Postell.

Defensively SOC is strongest in its deep backs where they are led by linebacker Swede Mason and All-District Rover back Bill Standley.

Another player to watch on the Raider squad is corner back Leroy Dedeaux who is currently leading the Evergreen Conference with an average of just over 19 yards per return.

The Vikings, fresh off their win over defending champion Central Wildcats last week are looking forward to winning their first undisputed Evergreen Conference crown in history.

However, Head Coach Boyde Long warns his charges, "SOC will be a hungry football team when it comes to town and is just waiting for some highly rated team to take them for granted."

No matter what SOC plans for the Vikings, it is likely to be a real hard hitting affair since the Big Blue with the EVCO crown in sight won't easily give up the role of favorite.

The Big Blue will go with basically the same lineup that was used during last week's game against Central.

Offensively the interior line features Mick Heggenes at center, Marv Nelson and Randy Deming at guards and Mike Knutsen at tackles. Glenn Hadland will be at quarterback, Steve Skogmo at halfback, and Tom Wigg at fullback. The receivers are Graham Haight, tight end; Steve Jasmer, split end; and Cecil Simms, flanker.

Defensively the Viks will present at ends Ray Kelley and Aaron Culley; tackles, John Smith and Mick Spane. The linebackers are led by Dan Grimshaw who played an outstanding game against Central, plus Mark Venn, Ivor Hoglund, and Tim Mead. In the defensive secondary, Kevin Halliburton, if healthy will get the call along with Jeff Carroll at the other half. Randy Cline, from Ferndale and Dan Wakefield will probably share duty at the safety spot.

VIKING SPOTLIGHT

Western has on its team probably the finest back in the Evergreen Conference.

Tom Wigg, a 6-0 195 lb. Junior from Issaquah High School in a season and a half is in the process of re-writing the Viking rushing records.

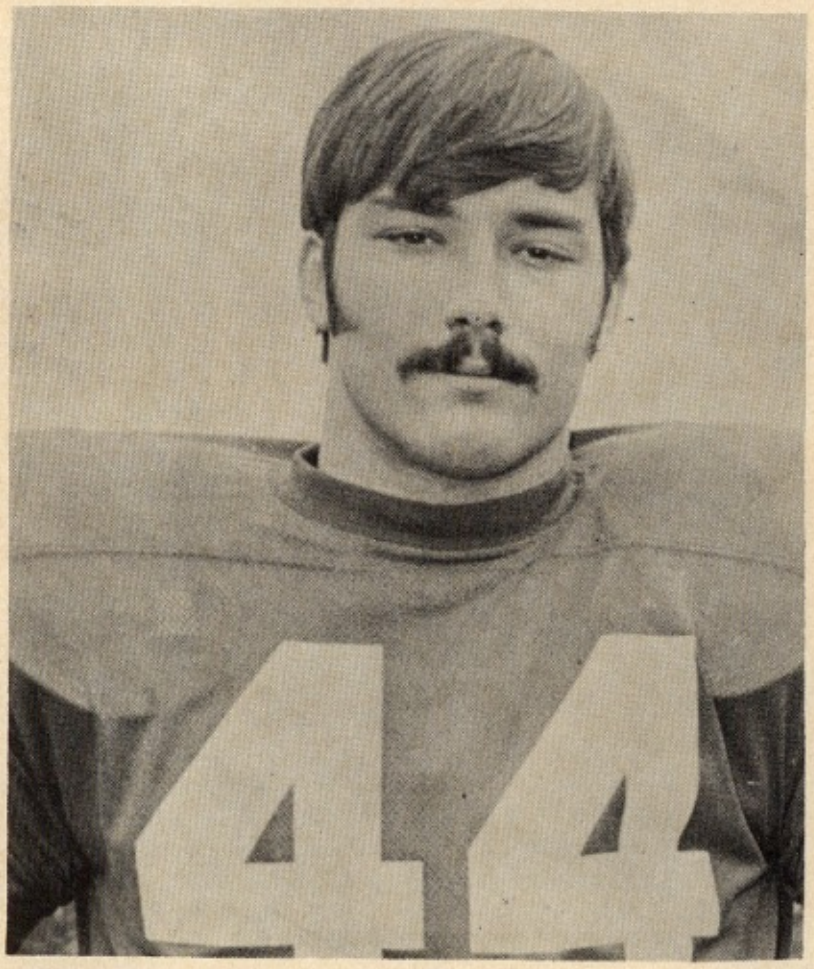

Last year Wigg broke the single season rushing mark as he gained 769 yards and broke the previous record held by Bob Gidner in 1965. Not even half way through this season Wigg is closing in on the career rushing mark of 1234 yards set by Ron Roe in a career which stretched from 1961-64.

Last season as a sophomore Wigg was named to the Evergreen Conference first offensive team. Besides leading the Big Blue in rushing he also led the team in pass receptions with 19 catches for 233 yards and one big touchdown.

So far this season in three games Wigg has racked up 370 yards rushing for an average of better than 123 yards per game. His yardage has been gained in 66 carries for an average per carry of 5.6 yards.

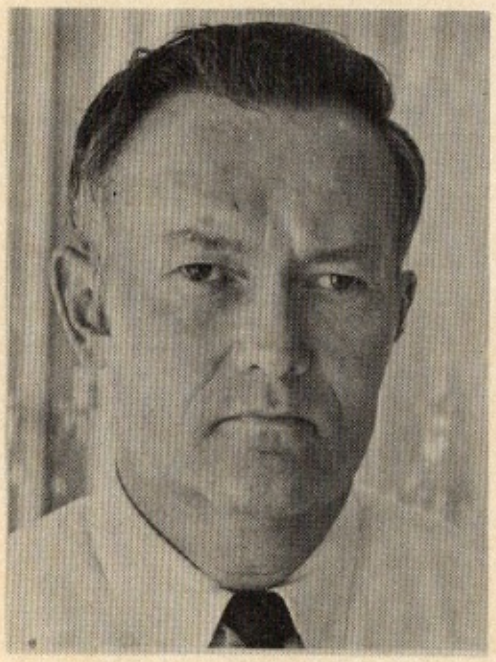

Western's Head Coach Boyde Long, who has been at Western six years, calls Wigg, "at least as good as any back I've seen during that time." Though not blessed with breakaway speed, Wigg still has the ability to make good yardage even when other teams key on him.

Tom has already been cited by his achievements so far this season. He has been named Evergreen Conference Back of the Week for his game against Central last weekend. He rushed 25 times for 132 yards and two touchdowns and also caught 3 passes for 27 yards and a single touchdown.

The All-American choice for gasolines and motor oil.

Today's All-American team for top engine protection, better performance, and cleaner air: Texaco's great gasolines and Havoline Super Premium All Temperature Motor Oil. So for products you can trust...

Trust your car to the man who wears the Texaco star.

A GREAT RUNNER.

You expect a little car to be a good sprinter. Nimble, light on its feet, fine for short runs around town.

Vega is all that.

But what sets Vega apart is that it's one little car that's good on long runs too.

One reason is its relatively large 140-cubic-inch overhead cam engine. It can cruise comfortably at turnpike speeds without straining, and with power to spare.

Vega is built low to the ground, and wide, so it takes curves without a lot of lean and hangs onto a windy highway like it weighed a whole lot more.

The steering is easy. Yet firm and reassuring on straight stretches.

What we're saying is, for an economy car, Vega sure feels a lot like a sports car.

Get into one soon and see. It'll give you a good run for your money.
