EVERGREEN CONFERENCE ACTION

WESTERN WASHINGTON vs. EASTERN WASHINGTON

Tonight the Evergreen Conference race will probably be decided as the Western Washington State Vikings clash with the Eastern Washington Savages.

Both teams are 3-0 in conference play and both are hungry teams coming off losses to powerful independent teams. Last week the Savages led Boise State with 1:12 seconds left in the game but Boise rallied and scored in the final seconds to pull off a 34-28 win.

Western fell to a strong UPS team as the Loggers took advantage of four mistakes to take a 33-0 lead before the Viks pushed across 21 second half points.

Last year the Viks walloped Eastern 28-6 in Cheney and the Savages will be seeking to upset Western's Homecoming by nipping the Viks.

Eastern has a multiple threat offense led by fine throwing quarterback Bob Glindeman, a 6-0, 200 lb. transfer from Idaho who threw three touchdowns and accounted for 293 yards against a tough Boise State team. Other offensive standouts for Eastern are explosive runner Mel Collins, and talented wide receiver Bob Picard. The Savages have a big burly offensive line and they afford Quarterback Glindeman good protection when he takes to the air.

On defense the Savages have a large squad physically but have been rather weak on pass coverage. They stay basically with a 4-3-4 defense and occasionally switch to a 6 man line.

The Vikings will be ready for the Savages as they seek their first undisputed conference title in history.

Offensively the Vikings are blessed with a multiple offense. They run well with fullback Tom Wigg doing most of the carrying. Another prime weapon on the ground is the thrusts of Sophomore Steve Skogmo who holds down the halfback slot. In the air quarterback Glenn Hadland relies on the receiving talents of split end Steve Jasmer, Flanker Cecil Simms and tight ends Graham Haight and Howard Priest.

Defensively the Vikings are toughest at linebacker where two of the four starters, Dan Grimshaw and Mark Venn are All-Conference linebackers from last season.

Our '72 wagon tailgates go up, down, sideways, slideways and one even disappears.

We've got five different kinds of wagons. One for every kind of wagon buyer.

Wagons with different kinds of tailgates especially designed for convenience. Including one that vanishes—the window into the roof, the gate under the floor. Out of sight. Out of your way.

Wagons that seat four, six, eight, nine or as many as twelve. If you like, our Sportvan can even be converted to sleep up to six. We're serious when we say we want your 1972 Chevrolet wagon to be the very best wagon you ever owned.
