CIVIC STADIUM

OFFICIAL PROGRAM $2

Today's game is sponsored by: Western Associated Students Bookstore

You don't need a license to brag ...

but it sure makes it easier!

Photo by Tore Ofteness

Alums can now show their Viking spirit with official Western license plates. And your purchase will go to a good cause: under a law passed by the Legislature, proceeds from the sales of the plates will benefit the WWU student scholarship fund.

Western license plates cost $40 per year initially and $30 per year thereafter, $28 of which is returned to the university for scholarship support. Be one of the first proud Vikings on your block to own WWU plates, and help deserving students attend a great university.

For more information or to order plates, contact your local Vehicle Licensing Agent or Department of Licensing Office.

The NCAA—Common Ground of College Athletics

By Debbie Harmison Byrne, Assistant Athletics Director, Old Dominion University

It was the flying wedge, football's major offense in 1905, that spurred the formation of the NCAA in December 1905. Numerous sport-related injuries and deaths had prompted many institutions to discontinue the sport. Others were urging that football be reformed or abolished completely from intercollegiate athletics.

So in 1905, President Theodore Roosevelt summoned college athletics leaders to two White House conferences to encourage such reforms. The Intercollegiate Athletic Association of the United States was officially constituted on March 31, 1906. There were 62 charter members. In 1910, it took its present name of the National Collegiate Athletic Association and, for several years, served primarily as a discussion group and rules-making body.

Now, more than 1,200 colleges, universities, conferences and related organizations count on the NCAA to be the organization through which they speak. It is a voluntary association devoted to the sound administration of intercollegiate athletics.

Through the NCAA, member institutions consider an athletics problem that has crossed regional or conference lines and has become national in scope. The Association, through its members, strives to maintain intercollegiate athletics as an integral part of the educational program and the athletes as an integral part of the student body. The NCAA also stands for good conduct in intercollegiate athletics and serves as the colleges' national athletics accreditation agency.

The organization and its members recognize that creating an equitable college environment for its student-athletes is among their highest priorities. Working together to enact rules, policies, procedures and organizational goals, its members strive for the common goal of academic integrity for their programs.

Just as integrity is key for the academic process, it is also a component in the competition among NCAA institutions. The NCAA and its staff is charged with enforcing the rules and regulations that the institutions vote and impose on themselves.

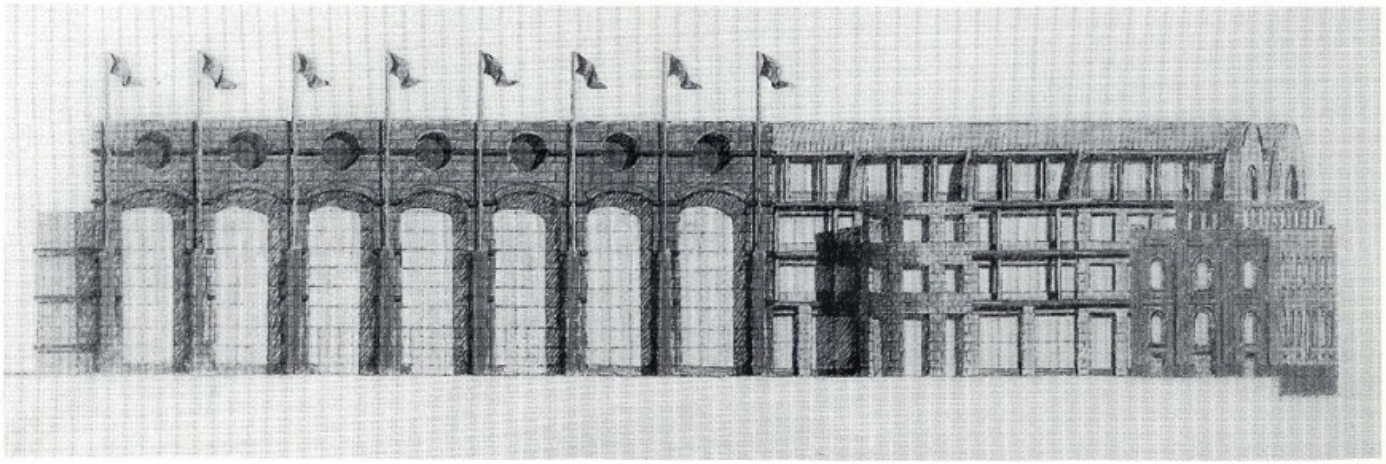

While enforcement proceedings involving member schools seem to grab most of the headlines, they represent only a small part of the NCAA's total program.

The NCAA administered its first national championship in 1921—the National Collegiate Track and Field Championships. Today, the NCAA administers 81 championships in 22 sports for its member institutions, involving more than 24,000 men and women student-athletes. There are 24 championships on the Division I level, 23 on the Division II level and 24 for Division III members, along with 10 sports that have National Collegiate Championships for which all divisions are eligible.

Beyond its annual championships, the NCAA also places a high priority on honoring its members and student-athletes, evident in its honors program and postgraduate scholarships program. The honors program recognizes accomplishments of current and former outstanding student-athletes, while the postgraduate scholarship program annually honors 154 high-ranking college student-athletes who are in their last year of intercollegiate competition by providing them scholarships of $5,000 each. The NCAA also recognizes the need to assist its members in career development in collegiate athletics and has addressed this area through its women's and ethnic minority enhancement programs.

The NCAA Hall of Champions opened in the fall of 1990. It presents a photographic and video salute to intercollegiate athletics both past and present in a 12,000-square foot facility at the Association's national office building. Visitors to the hall are treated to specially prepared multimedia presentations in a spacious and modern theater and can feel the excitement of center court at the Final Four and the kickoff of college football games in uniquely designed photo displays.

The NCAA's members form a diverse group ranging from large state institutions to small, privately funded colleges. Their common goal, however, is the same—working for the advancement and achievement of the student-athlete and for the common good of higher education. ■

The NCAA's new office building in Indianapolis

HONOR ROLL OF DONORS

As we celebrate the past 100 years and look toward Western's second century of education and athletic competition, the Department of Athletics gratefully acknowledges all those who have made a difference through private support. Gifts from alumni, friends, parents, businesses and corporations have positively impacted learning at Western, making additional opportunities available to the Vikings. Thank you for continuing this tradition of private support. Your generosity has touched the lives of thousands of students-athletes and we look forward to your ongoing partnership.

Those listed below provided gifts totaling $100 or more to athletic programs from July 1, 1998 to June 30, 1999. To learn how you can become involved as a Viking Athletic Associate, please call (360) 650-3109.

SAINT MARY'S COLLEGE

Saint Mary's College of California is one of the most distinguished colleges in the West.

The College's reputation for excellence, innovation and responsiveness in education comes from its heritage as a Catholic, Lasallian Christian Brothers, Liberal Arts institution. This heritage creates a unique, personalized, student-centered learning enviornment.

The Catholic tradition fosters a Christian understanding of the whole person and defends the goodness, dignity and freedom of each individual in a community that values diversity of perspective, background and culture.

The Lasallian tradition, rooted in the Christian Brothers' commitment to teaching and learning, supports education that is truly transformative, not only for the individual but also for that person as a member of society at large.

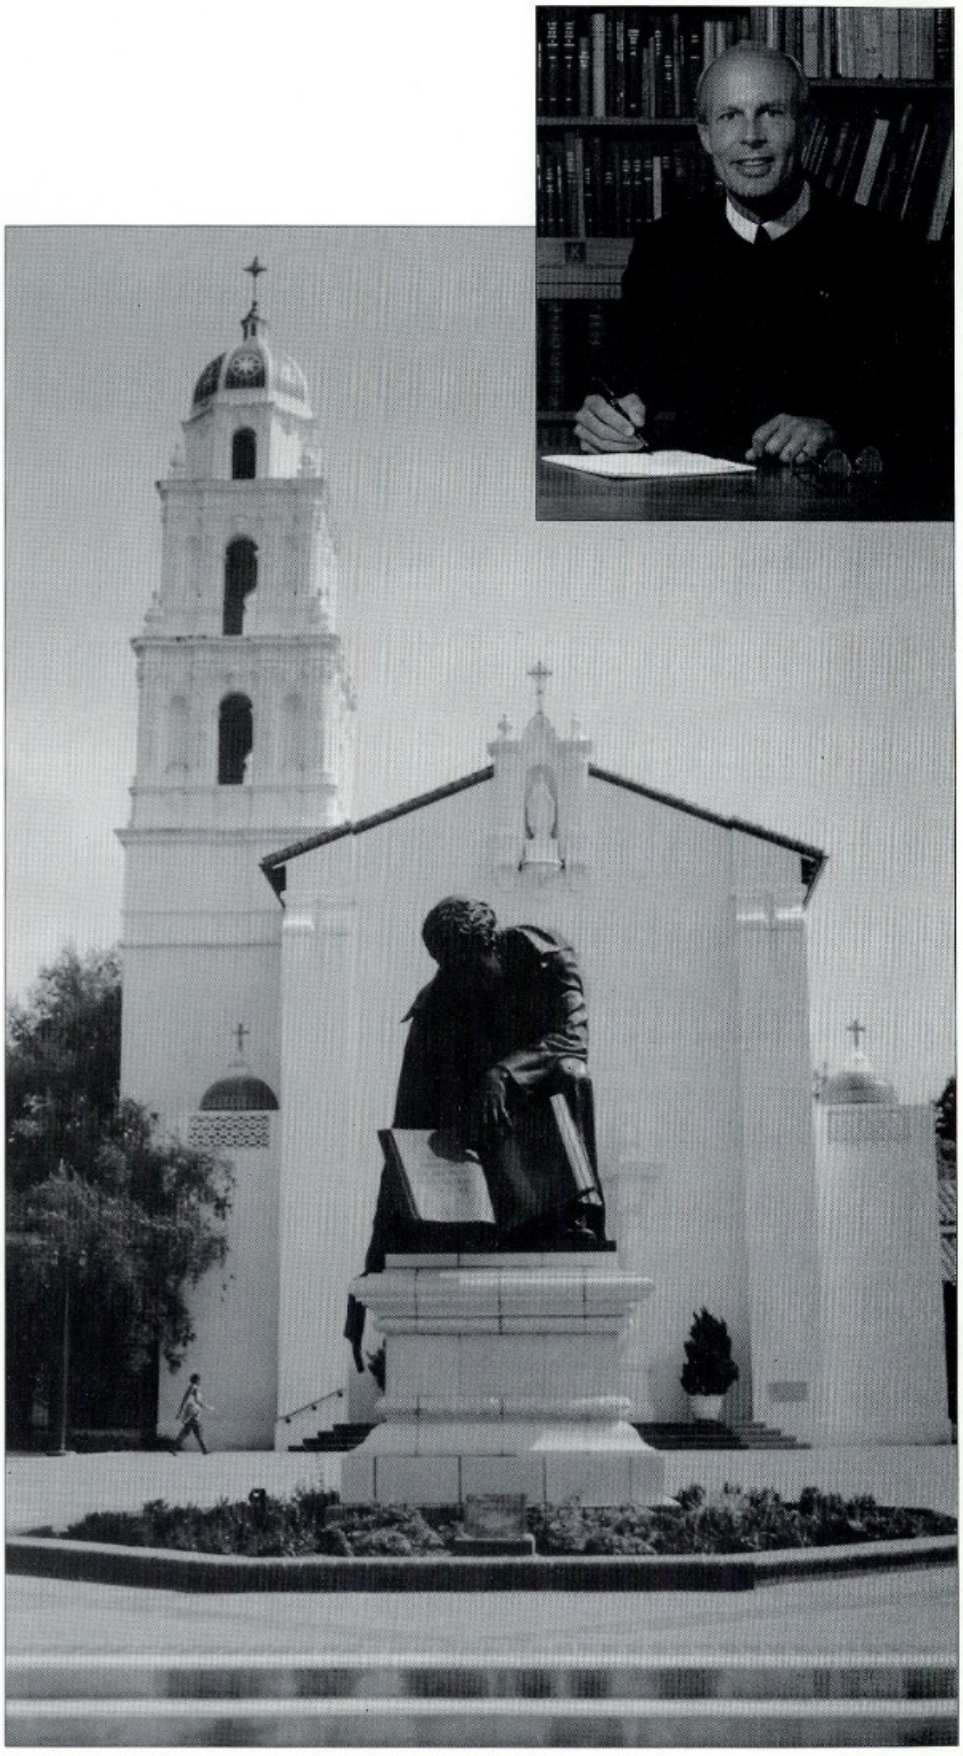

The Liberal Arts tradition ensures that students, faculty and staff develop habits of critical thinking, an understanding of and respect for different ways of knowing, and a desire for lifelong learning.

An outstanding, committed faculty that values teaching and student interaction brings these traditions to life. As a comprehensive college, the institution offers undergraduate and graduate programs integrating liberal and professional education. Small classes, lively dialogue and deep relationships are part of the everyday scene at Saint Mary's, making it, above all, a community.

Saint Mary's College of California is a place of great beauty, located in the Moraga foothills just 20 miles each of San Francisco, with locations throughout Northern California. Its rich resources include a well-equipped library and other technologically advanced academic facilities. The College's Division I athletic programs invite active participation from student athletes and faithful fans. In the common pursuit of education and the enrichment of lifelong learning, the College enjoys the collaboration of faculty, students, staff, alumni, and the community.

Saint Mary's at a Glance

- Founded in 1863
- 2,100 traditional undergraduate students
- 2,000 graduate extended education students
- 16 intercollegiate athletic teams
- Average Class Size: 20
- Student/Professor Ratio: 14:1
- Percentage of Ph.D's or other terminal degrees held by faculty: 95%

WWU HALL OF FAME

WWU ATHLETIC HALL OF FAME ADDS FOUR

A coach who had more victories than any other in the history of Western and three All-America athletes are the newest members of the Viking Athletic Hall of Fame.

Lynda Goodrich, the school's current director of athletics and former women's basketball coach, joins women's soccer player Cindy Gordon, men's basketball player James Johnson and women's track and cross country runner Genevie Pfueller-Donnelly. The foursome were formally inducted this morning, bringing the total membership of the hall to 87.

Goodrich

Goodrich, who is in her 13th year as athletic director at Western and 22nd year as a sports administrator, has been instrumental in rebuilding and reshaping the school's sports program. During her tenure, the Vikings have had unparalleled success in terms of wins and losses while also making huge strides in fund-raising, scholarship monies, facilities and marketing.

As a basketball coach at Western, she compiled a record of 411-125 (.767), the best in terms of victories and winning percentage of any coach in school history. Goodrich took five teams to nationals and never had a losing record in 19 seasons. Her teams reached post-season play 18 times and she had 13 20-win campaigns.

The 54-year-old Goodrich was inducted into the NAIA National Hall of Fame in 1986, named Whatcom County Sports Person of the Year in 1987 and received Western's Distinguished Alumnus Award in 1988. She has received three Sports Administrator of the Year awards.

A 1966 graduate of Western, Goodrich also coached golf, tennis, track and volleyball for the Vikings. She graduated from Lake Stevens High School and attended Pacific Lutheran University for one year before transferring to Western.

Gordon earned second-team NAIA All-American honors in 1982 and was a West Region all-tournament choice in 1984. A three-time Northwest Collegiate Soccer Conference all-star and a two-time NAIA District 1 all-star, she scored 50 goals during her four-year career, helping Western to a record of 49-5-5, which included a 38-game winning streak.

A 1986 graduate of Western, Gordon won a silver medal at the 1986 National Sports Festival and was a member of U.S. national teams which toured Italy in 1985 and 1986. She also played on an over-30 team that won the U.S. Adult Soccer Association national title in 1998.

The 36-year-old Gordon, a graduate of Mount Rainier High School, is a Clinical Chemistry Technologist in the Genetics Laboratory at Children's Hospital in Seattle.

Johnson was an honorable mention NAIA All-American, NAIA District 1 Player of the Year and Western's Male Athlete of the Year in 1987-88 when he helped lead the Vikings to a 28-8 record, the district championship and the second round at nationals. That season he averaged 14.9 points and 6.5 rebounds a game.

A two-time district all-star, Johnson was Western's first two-year player to score 1,000 career points. He was the Vikings' assistant coach for eight years and head boys basketball coach at Tucson (Ariz.)Urban League Charter School for one season.

The 35-year-old Johnson is currently the director of athletics at Tucson Urban League Charter School, assistant basketball coach at Pima Community College, and a member of the Air National Guard. He graduated from Central High School in Little Rock, Ark.

Pfueller-Donnelly was Western's Female Athlete of the Year in 1984-85, earning All-America honors three times in cross country (1984, 1985 and 1987) and three times in track (1985, two events, and 1987). She also was a three-time NAIA National Scholar-Athlete (1987, 1988, and 1989) in track and a two-time honoree in cross country (1987 and 1988).

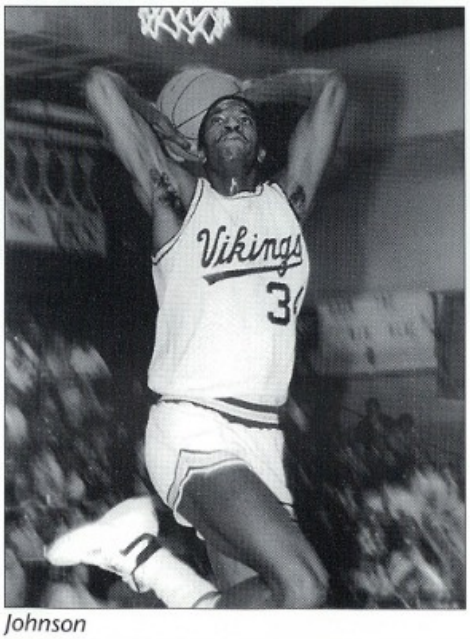

Pfueller-Donnelly, a 1989 graduate of Western, competed at nationals four times in track, placing third in the 3,000 meters in 1985, and finishing fourth in the 5,000 in 1985 and 1987. She went to nationals three times in cross country, placing ninth in 1984.

A graduate of Bellingham's Sehome High School, Pfueller-Donnelly set school track records in the 1,500, 3,000 and 5,000; and was a two-time district all-star in cross country, winning the district title in 1984 and placing third in 1985.

The 33-year-old Pfueller-Donnelly is a recreation therapist at St. Joseph's Hospital in Bellingham.

Two exceptional reasons to visit scenic Squalicum Harbor.

the marina

RESTAURANT

Fine food, friendly service, and a spectacular view of the San Juan Islands define the dining experience at The Marina, Bellingham's premiere waterfront restaurant located in the heart of the City's boat harbor.

Reservations: (360) 733-8292
985 Thomas J. Glenn Drive, Bellingham
(Squalicum Boat Harbor)

BAYSIDE Cafe

Enjoy your favorite food and drink amid the casual, easy atomosphere of the Bayside Cafe, overlooking beautiful Bellingham Bay in the Squalicum Harbor Center.

Reservations: (360) 715-0975
1801 Roeder Avenue, Bellingham
(Squalicum Harbor Center)

TODAY'S GAME

Western plays the second of three consecutive non-conference home games, hosting Saint Mary's College of California in the annual Hall of Fame game.

The Vikings enter the contest 1-1 after defeating University of Wisconsin-Whitewater, 45-14, at Civic Stadum last Saturday. Western lost its season opener at NCAA Division I-AA Portland State, 48-28.

Today's visit by Saint Mary's marks the first time Western has hosted a NCAA I-AA school. The Gaels are 1-2, having lost to Sacramento State, 41-7, and defeated Humboldt State, 40-3, before losing at San Jose State, 38-3, in only their second game against a NCAA I-A school since restoring football in 1967.

WESTERN REPORT

The Vikings have yet to play a close game this season, falling behind early at Portland State and jumping in front quickly against Wisconsin-Whitewater. Western has racked up some big offensive numbers, averaging 36.5 points and 435.0 yards per game. Particularly against Wisconsin-Whitewater, Western has shown a balanced attack. Quarterback Scott Mitchell has thrown for 379 yards and five touchdowns without having an interception, and running back Georgio Usai has netted 138 yards and two scores. Mitchell was named Columbia Football Association Offensive Player of the Week after throwing for 242 yards and three touchdowns and running for 47 yards and a score in the Vikings' 31-point win over Wisconsin-Whitewater.

Western held Wisconsin-Whitewater without a point for the first 57 minutes last week and held the Warhawks to minus-10 yards rushing, the first negative rushing total the Viking defense has posted since 1996. Leading the way are linebackers David Josker and Lance Gustafson. Josker has 20 tackles, 12 of them against UW-Whitewater. Gustafson has 19, 15 against Portland State.

CLAMPITT'S HOT START

Wide receiver Ben Clampitt is continuing the hot pace he set last season. Through the first two games, Clampitt has 10 catches for 320 yards and five touchdowns, including four scores longer than 40 yards. Last season, he was third nationally among NCAA II leaders in receiving yardage, averaging 128.8 yards a game. In just 12 career games, Clampitt is already sixth among Western's career leaders in receiving yardage at 1,608 and needs just 50 more yards to move into fourth place. He ranks 12th in career receptions with 81, needing only six more to grab ninth place.

ON THE COVER ... MARK BONE

Senior defensive tackle Mark Bone is in his fourth season as a mainstay of the Western defense. For his career, he has 41 tackles for losses of 198 yards, including 23 quarterback sacks for minus-160 yards. He led the Vikings in tackles for losses last year with 15, and has a team-high six this season. Bone first showed his amazing quickness off the ball as a freshman, when he had four sacks against Simon Fraser, some of them before the quarterback could get two steps back from center.

ABOUT THE GAELS

Saint Mary's has a unique and storied football history that included a period as a major college power during the first half of the century. The Gaels defeated Texas Tech, 20-13, in the 1939 Cotton Bowl, and lost to Oklahoma A&M (now Oklahoma State), 33-13, in the 1946 Sugar Bowl. But a rapid decline in the late 1940s led to the school discontinuing the sport after the 1950 season. Football returned as a club sport in 1967, and over time moved through NCAA III and II before taking its present status in I-AA.

The Gaels return 16 starters from last year's squad that posted a 2-8 record, the worst since 1969. The offense returns eight of those starters, including all five members of the offensive line. Anchoring the line is senior guard John Newell, who has started all but six games over the past three seasons. Senior running back Brandin Young is the top rushing threat, having run for 247 yards and two touchdowns. Young, who rushed for 810 yards and three scores last year, was named NCAA I-AA Independent Special Teams Player of the Week for his efforts returning punts and kickoffs in a 40-3 victory over Humboldt State on Sept. 11.

Like Western, the Saint Mary's quarterbacking corps has been trimmed by injuries, as the Gaels lost their top two quarterbacks to knee injuries even before the first game. Junior Gus Papanikolas, a transfer from the Air Force Academy, has started the first three games, throwing for 263 yards and a touchdown. The leading receiver is sophomore Mike Kelleher, who has 11 receptions for 152 yards.

Eight starters also return on defense, led by senior strong safety Miguel Valdillez. Valdillez is also a strong performer on special teams, where he has blocked a punt and averaged 25.0 yards on four kickoff returns. The line is led by senior end John Antonini, who shares the team lead in tackles with 20, including a team-high six tackles for losses.

COACHES

Rob Smith is in his 11th year as head coach at Western and is 67-34-1. Smith has the best winning percentage in school history and is second in career coaching victories. Mike Rasmussen is in his 10th season at Saint Mary's and has a career record of 53-39-1.

HALL OF FAME

The four newest inductees into the Western Athletic Hall of Fame will be introduced at halftime today. They are Lynda Goodrich, Cindy Gordon, James Johnson and Genevie Pfueller-Donnelly. For more information on this accomplished quartet, see the feature on page 18.

WHAT'S NEXT?

The Vikings wrap up three straight weeks at home by facing Western New Mexico University in their Homecoming game. Western opens Columbia Football Association play the following week, visiting Simon Fraser University.

NOTES

Western is seeking its first-ever victory over a NCAA Division I-AA program. The Vikings are 0-4, including three losses to Big Sky Conference schools since the start of the 1998 season ... Quarterback Tony Wilson became the first true freshman to play that position during the Rob Smith era when he saw second-half action last week, completing 6-of-8 passes ... Twelve different players have already caught passes for the Vikings ... Western used most of its roster last week, but punter Mark Brokaw wasn't one of them. The Vikings never sent the punting unit on the field.

RADIO

All Western football games are being carried live on KIXT Radio (930 AM) with Doug Lange and Jason Stiles calling the action.

VIKINGS COACHING STAFF

Rob Smith
Head Coach

In his 11th season as Western's head football coach, Rob Smith can already look at his tenure as the most successful period in the 96-year history of the sport.

Smith entered the season with a 66-33-1 record and his 66.7 winning percentage is the best in school history. The 66 wins is the second best mark in school history, and Smith needs just 15 more to match the 81 victories achieved by Charles Lappenbusch in 20 seasons.

During Smith's 10 seasons, Western has made four national playoff appearances, the only ones in school history. The Vikings have a 4-4 record in post-season play under Smith, reaching the NAIA Division II Championship Game in 1996.

The current string of eight non-losing seasons is the longest in school history. Five times during the Smith era the Vikings have won seven or more games, a feat accomplished just four times prior to his arrival.

Another reflection of Smith's success are the accolades his players have received. Of the 15 Western players to be named first or second team All-Americans, 10 have earned that honor during the first 10 seasons Smith has been head coach.

Western at 100

Continuing the Legacy of Learning

WESTERN WASHINGTON UNIVERSITY'S CENTENNIAL CELEBRATION

Western Washington University will celebrate its centennial with the theme "Western At 100: Continuing the Legacy of Learning." The festivities begin in 1999 and continue through the summer of 2000.

One hundred years ago on September 6, 1899, Principal Edward T. Mathes welcomed the first class of 88 students, a number which doubled by week's end and rose to over 200 within a month. At that time, New Whatcom State Normal School encompassed one main building and 10 muddy acres covered with stumps and logging debris. Today, the 190-acre campus, with its renowned Outdoor Sculpture Collection, is acknowledged as one of the most beautiful in the nation.

"Western's reputation has continued to grow over the century," said President Karen W. Morse. With a current enrollment of over 11,600 students, the university has achieved national recognition for the high quality education it provides.

Throughout the years, Western has emphasized service to the community as part of its educational experience. New Whatcom Normal School, which trained teachers for the young state of Washington, became Western Washington College of Education in 1937, Western Washington State College in 1961, and achieved university status in 1977. Although Western has grown and changed a great deal over the years – as has the state of Washington – its roots as a teacher-training organization and liberal arts-focused college have provided a strong basis of academic excellence and public service as the school has matured into a comprehensive university.

Western's year-long Centennial Celebration will commemorate the university's history and traditions through photo exhibitions, a video, a website, an oral history project, music performances, an alumni art show, distinguished speakers, reunions and many other activities. Both a color pictorial essay book and a collection of essays about Western's history will be published. The anniversary's coincidence with the millenium offers a chance both to celebrate Western's first century and to look forward to its future in the early 21st century: "Continuing the Legacy of Learning."
